# 511

511 is a new, toll-free number that provides San Francisco Bay Area travelers with a single phone number for current traffic, transit and ridesharing information and operators. Like 411 for information and 911 for emergencies, the new number will only require three-digit dialing. 511 uses a state-of-the-art voice recognition system. By speaking your choice of options from the various menus, you can access the specific travel information you need. There's no button pushing required (although a touch-tone back-up system is available for those not interested in or unable to use the voice option.)

511 is brought to you by the Metropolitan Transportation Commission.

## How to Use 511

When you call **511** (anywhere in the 408, 415, 510, 650, 707, 925 area codes), an automated voice-response system will guide you through the system.

*First*, voice select one of the below options from the "Main Menu":

- **Traffic**  
Sub-Menu: Traffic Conditions, Estimated Drive Time (this feature is not yet available), Planned Highway Construction, Airports
- **Public Transportation**  
Sub-Menu: Public Transportation Agencies, Paratransit, Commuter Incentives, Airports
- **Carpooling and Vanpooling**  
Sub-Menu: Carpooling and Vanpooling for Napa/Solano Counties, Carpooling and Vanpooling for the Rest of the Bay Area
- **Bicycling**  
Sub-Menu: Bicycling for Napa/Solano Counties, Bicycling for the Rest of the Bay Area
- **Spare the Air Operator**

*Second*, select an option from the next menu (sub-menu). For instance, saying "Public Transportation" will bring up sub-menu choices of "Public Transportation Agencies," "Paratransit," "Commuter Incentives" and "Airports."

- ♦ **Call 511** for transportation information.

# Transportation Programs

## Commuter Choice Tax Benefits

Commuter Choice Tax Benefits is a program that allows employers to offer employees a variety of financial incentives for the use of alternative commute modes, including buses, trains and vanpools.

The most common incentive is a voucher that can be applied to the purchase of tickets and passes on most Bay Area transit systems and vanpools. Employers purchase vouchers in denominations of \$20, \$30, \$35 or \$45 and either give them to their employees as a tax-free benefit or invite employees to purchase them through pre-tax payroll deductions. This second option allows both employees and employers to realize tax savings.

There are many companies that can provide the above services to employers. Call RIDES for a complete list.

- ◆ **Contact RIDES for Bay Area Commuters at 800-755-POOL** to find out more about Commuter Choice Tax Benefits in English or Spanish. Assistance is available Monday - Friday 8 am – 5 pm or **go to [www.rides.org](http://www.rides.org)**.
